brianglezn@gmail.com

brian-novoa.com

I'm a freelance Frontend Developer and Network & Services Operation at Accenture with experience in designing and implementing advanced technology solutions. I operate from brian-novoa.com since 2020 and have recently expanded my skills to ReactJS. I am passionate about frontend development and looking to go deeper into this discipline.

Technical Skills:

Frontend: React.js, TypeScript, JavaScript, CSS, HTML, WordPress

Backend: NodeJS, MongoDB, SQL

Networking & Services: BGP, Client VPN, Internet Protocol (IP), VPN, SDWAN, system administration

Other: SEO, customer support, teamwork
